

Geriatrics and Gerontology Didactic Series
ADRC Seminar Series

Andrea Gilmore-Bykovskiy, PhD, RN, is an assistant professor in the School of Nursing at the University of Wisconsin-Madison. Dr. Gilmore-Bykovskiy's research focuses on promoting access to effective and meaningful care for people living with and at risk for Alzheimer's disease through improved disease detection and care delivery. Much of her research examines the role of neuropsychiatric symptoms in disease progression and management.

“Neuropsychiatric Symptoms in Dementia: Importance and Management Considerations”

Tuesday, February 20, 2018
12:00–1:00 p.m.
HSLC 1248

This is an interprofessional session that targets learners across multiple disciplines that serve older persons, including: physicians, nurses, social workers, pharmacists, psychologists, and rehabilitation therapists. All faculty, staff, and trainees are invited and encouraged to attend.
